SUMMARY

Information Systems and Technologies student at Bilkent University with hands-on full-stack development experience (.NET, Nuxt.js). Strong problem-solving mindset and comfortable working in fast-paced technical environments.

PROFESSIONAL EXPERIENCE

Lundin - Technical Support Engineer Intern

06/2026 - Present

- Report Customization: Modified client-specific SSRS report projects in Visual Studio per customer requests (adjusting displayed data fields) and validated changes via SQL queries.

SENEKA - Software Engineer Intern

01/2026 - 05/2026

- Full-Stack Development: Developed an end-to-end "Personnel Leave Management System" using .NET 9 for the backend and Nuxt.js (Vue.js) for the frontend.
- DevOps & Workflow: Streamlined development cycles by containerizing applications with Docker and maintaining rigorous version control via Git.

Tanoto - ERP & CRM Intern

07/2025 - 08/2025

- Supported SAP S/4HANA migration by reviewing and updating Functional Specification (FS) documents, ensuring alignment with business processes.

EDUCATION

Bilkent University

08/2022 - Present

B.Sc. in Information Systems and Technologies (50% Scholarship)

- Relevant Coursework: Algorithms and Data Structures, Object Oriented Programming, Full Stack Development, Database Systems, Computer Networks, Applied Data Analysis

PROJECTS

Raporum | AI-Powered Medical Report Analysis App

01/2026 - 04/2026

- Built a physician-supervised AI tool that analyzes uploaded blood test/health reports (PDF/image) and generates plain-language explanations per value.
- Tech Stack: Python, FastAPI, Google Gemini 2.5 Flash Lite, Tailwind CSS.

Aurelie | Android Lifestyle & Productivity Application

09/2025 - 12/2025

- Mobile app with daily mood tracking to monitor emotional well-being.
- Tech: Kotlin, MVVM, Room Database.

SKILLS

Languages: C#, Kotlin, JavaScript, Python, SQL
Frameworks/Web: .NET, Nuxt.js, Vue.js, Node.js
FastAPI, Tailwind CSS

Mobile: Android (Kotlin)
Tools/DB: PostgreSQL, Docker, Git, SAP

ADDITIONAL INFORMATION

- Languages:** English (Advanced - C1)
- Certifications:** Cisco Networking Academy – 5 Certificates in Networking & IT (Networking Essentials, Cybersecurity Essentials, IoT Fundamentals, Packet Tracer)
- Interests:** Full-Stack Web Development, Artificial Intelligence, Computer Algorithms
